

## TIPA AWARDS 2010 OFFICIAL PRODUCT CITATIONS

*The best photo and imaging products of 2010 were voted on at the Technical Image Press Association General Assembly held from April 8'th to 10'th, 2010 in New York, USA. The editors of the 28 member photo and imaging magazines from 9 European countries plus Canada, South Africa and the United States met to vote on the TIPA Awards 2010 and discuss the association's activities and projects.*

### **Best Retail Finishing System: HP Photosmart ML1000D Minilab Printer**

The HP Photosmart ML1000D Minilab printer is the first dry, inkjet minilab capable of producing traditional single-sided photo prints as well as duplex photo book pages and calendars in a single machine in retail. Retailers using the Minilab can increase their operating efficiency by vastly reducing energy consumption, eliminating hazardous chemicals and water consumption, and lowering labour costs.

### **Best Photo Kiosk: HiTi Mini Photo Kiosk P510K**

HiTi P510K photo printer provides the most practical standalone professional photo-finishing solution by giving photographers a smallest integrated roll-type dye-sublimation Mini Photo Kiosk P510K. P510K has a large 10.2-inch TFT LCD touch screen, giving great flexibility with its solid chassis, but it weighs only 18kg. It can either be operated through a computer or standalone by shop customers.
